

I. Rules of conduct in case of a violation of the occupational health and safety and fire protection provisions by the Contractor, his workers or Subcontractors.

1. If the Ordering Party's supervision finds the Contractor's failure to comply with the provisions contained in Guidelines No. 2 to the Safety Requirements in ORLEN SA, as well as a gross violation by the Contractor or persons working on its behalf of generally applicable provisions and internal regulations on occupational health and safety, fire protection, the Ordering Party reserves the right to:
 - a) prepare a protocol, constituting the basis for calculating additional fines according to the " Table of fines for failures, irregularities or non-compliance in the field of OHS and fire protection " and issue an accounting (debit) note. The Table and the protocol template are provided in sections II and III of this appendix respectively.
 - A. Additional Monetary Penalties – Qualified Violation:
 - Each repeated violation is treated as a qualified violation if it was committed by the Contractor or a person performing work on its behalf at ORLEN premises within 12 months from the last violation,
 - In the case of a qualified violation, a double maximum additional fine is imposed on the Contractor for the violation committed.
 - B. In the event of committing another violation within 12 months from a different scope of the catalogue of fines for failures, irregularities or non-compliance in the field of OHS and fire protection, the maximum additional fine is imposed for the committed violation, i.e. persistent violation of health and safety regulations and rules;
 - b) decide, on the request of the Head of the Occupational Safety and Health Office, to:
 - i) suspend works without the obligation to pay compensation in the event of a direct threat to human life or health, as well as finding of a persistent (3-fold) non-compliance with the provisions contained in the Safety Requirements to this Contract,
 - ii) imposing individual sanctions on the Contractor's or Subcontractor's employee who committed the violation. An individual sanction for a violation is deprivation of the right to enter the premises of ORLEN (withholding the access card temporarily or for an indefinite period). Each breach is considered a subsequent breach if committed by the same person within 12 months of the last breach
 - temporarily (up to 30 calendar days) or permanently suspend an employee's pass.
 - Referring an employee who has demonstrated insufficient knowledge in the field of occupational health and safety and fire protection for additional theoretical and practical verification at the Training Center in the scope of the SUBJECT OF THE AGREEMENT with the simultaneous revocation of his pass. The employee will be able to approach the verification at the Training Center only after the grace period imposed for the violation. The rules of additional verification are the same as the rules of subsequent correction verification described in the Regulations of the Training Center.
- Individual sanctions for the Employee may be imposed regardless of the fine imposed on the Contractor.
2. The Contractor undertakes to pay an additional fine in the amount determined on the basis of the "Table of fines for failures, irregularities or non-compliance in the field of OHS and fire protection", within 14 days from the date of receiving an accounting (debit) note issued by authorized Ordering Party's services based on an approved protocol to penalize the Contractor with an additional financial penalty. In the event of non-payment of the additional payment in amount specified in the said note (debit), the additional penalty payment will be deducted from the payment resulting from the first VAT invoice issued by the Contractor to the Ordering Party for the performance of the Contract after the date of issuing an accounting note including the additional financial penalty.
3. Ordering Party's supervision, when carrying out the inspection is obliged to prepare the proper inspection report in accordance with internal requirements. If the report indicates the factual and legal grounds for: suspending work, referring the employee for additional verification at the Training Center, temporary or permanent suspension of the employee's pass, the inspection report will be forwarded to the Head of the Occupational Health and Safety Office, who in justified cases decides to refer appropriate application to the Ordering Party's services supervising the Contractor's work.
 - 3.1 Ordering Party or a person authorized by it, on the basis of the application mentioned in point 1.b), is to make a decision in writing regarding:
 - suspending works, in which he will indicate the factual and legal grounds for their suspension and the period for which these works will be suspended, or
 - refer the employee for additional theoretical and practical verification at the Training Center under the conditions described in the Training Center Regulations, with conditions fulfillment of which is the basis for resuming work and admitting an employee to work, and then passes it to the appropriate Contractor.

3.2 The temporal or permanent suspension of the employee's pass and re-issuing it will be carried out in accordance with the internal regulations of ORLEN S.A. in that regard.

4. Appeals of fines.

a) Reservations and Appeals:

- appeal applications regarding the cancellation or limitation of fines and individual sanctions may be submitted by the Contractor in writing to the Head of the OHS Office,
- the deadline for submitting applications may not be longer than 7 calendar days from the date of approval of the penal protocol,
- applications will be considered individually within 14 calendar days from the date of their receipt, and in cases requiring additional clarification activities, the time for considering objections may be extended.

b) Proceedings after serving individual sanctions.

After the employee has fulfilled all the individual sanctions described in point 3, the access card may only be unlocked at the request of the Employer / Contractor.

II. Table of fines for failures, irregularities or non-compliance in the field of OHS and fire protection

No.	Violation	The amount of additional penalty payment in PLN
