TECHNICAL PROPOSAL

dated

TENDER PROCEDURE no.: **PKN/2/004798/25**

To ORLEN S.A.

In response to the pre-qualification process announced by ORLEN S.A. for the project titled: **“Basic Engineering Design Package (BEDP) for DCPD Plant with associated infrastructure”**, we hereby submit the proposal complying with the requirements of this Request.

Declarations (*List of declarations constituting the basis for the 0/1 assessment of the TECHNICAL PROPOSAL*):

- 1) ***We hereby declare*** that we have executed at least one Basic Engineering Design Package within the last 15 years for DCPD production utilising the technology as described in Appendix 3 to this ITB “Process Description”.

**Basic Engineering Design Package (BEDP) for DCPD Plant
with associated infrastructure – pre-qualification process –
INSTRUCTON TO BIDDER**

Appendix to be attached:

Appendix T1 QUALIFICATION DATA, REFERENCES

Within this part in particular the following evidences shall be provided:

Information of DCPD Plant being built, where the BIDDER prepared Basic Engineering Design Package (Unit completed in last 15 years). Mentioned information shall be supported by, but not limited to, the following information:

- name of plant,
- owner,
- capacity,
- process applied,
- basic operating data,
- main technological features of reference plant,
- year of completion (start-up).

NOTICE: Appendices basing on the original version of the Request for Information with completed BIDDER's data and information in indicated slots – only comments entered in the document tracking mode will be accepted.

A proposal submitted against the above specified order may be returned for completion or may be rejected. The BIDDER may enclose additional appendices to the obligatory appendices set forth in RFI. Appendices may be enclosed to the TECHNICAL PROPOSAL, maintaining the order according to their numbering, properly marked in order to ensure fact and unobstructed reference to particular appendices.
