A number line diagram illustrating the conversion of a small decimal value to miles and kilometers. The scale is 1:4. The top row shows the conversion to miles: 0, 0.0000325, 0.000065, and 0.00013 mi. The bottom row shows the conversion to kilometers: 0, 0.00005, 0.0001, and 0.0002 km. The number line has major tick marks at 0, 0.0000325, 0.000065, and 0.00013 mi, and minor tick marks at 0.00001625, 0.00004875, 0.00008125, and 0.00011375 mi. The bottom row has major tick marks at 0, 0.00005, 0.0001, and 0.0002 km, and minor tick marks at 0.000025, 0.000075, and 0.00015 km.
