III. RULES ON ISSUING, USING AND RETURNING IDENTIFICATION CARDS

3. An identification card for staff members of External Entities carrying out performing or service activities within the Security zone

- 3.1. A yellow identification card is valid during the term of a contract with an external entity but no longer than by the end of validity period of the OHS training, specified in the request referred to in item 3.3.
- 3.2. The identification card is issued, renewed and given by the Pass Office at gate no. 1 in Płock. If the Security zone refers to area other than Płock, then documents are accepted, identification cards are given by the Pass Office or Reception Desks located in a particular area. Relevant documents are sent by the relevant Pass Office or relevant Reception Desk to the Pass Office at gate no. 1 in Płock which sends back an identification card.
- 3.3. Identification cards for staff members of External Entities are issued on the basis of a request drawn up in accordance with the model stipulated in the **Chapter VII of the Guidelines**, signed by a person authorised to represent the External entity, certified by a relevant person holding the position of a Director in PKN ORLEN S.A. supervising implementation of a contract with this External entity or by a person authorised by them and by a person authorised to represent the External entity being the main contractor of ordered works, based on a contract concluded with PKN ORLEN S.A. Together with the first request relevant powers of attorney to represent the External entity and an extract from the National Court Register or another recording body of the External entity should be sent to the Pass Office at gate no. 1 in Płock. It is also acceptable to issue identification cards based on a request issued by an organisational unit of PKN ORLEN S.A. indicating the CC to charge with costs, signed by a person in charge of the CC.
- 3.4. With regard to Fuel Terminals certification of a request for issuing/renewing identification cards for new Staff Members/Staff Members of external entities shall be submitted by a person managing a Fuel Terminal.
- 3.5. Identification cards are given to people who have completed a **preliminary training in ohs and fire protection** organised by the Occupational Health and Safety Office or an entity holding relevant contracts with PKN ORLEN S.A., which must be confirmed in a request.

- 3.6. Identification cards are issued against payment. Consent to encumber the External entity with costs of issuing identification cards is given in the request.
- 3.7. Identification cards are renewed on the basis of a request for renewing identification cards, drawn up in accordance with the model stipulated in **Chapter VII of the Guidelines**, confirmed, inter alia, by a person holding the position of a Director in PKN ORLEN S.A. – or a person authorised by them – supervising implementation of a contract concluded with this entity. Requests for renewing identification cards shall be submitted one month in advance.
- 3.8. External Entities, in accordance with concluded contracts, shall pay the Exploitation fee.
- 3.9. In case of terminating the employment with a staff member of the External entity or terminating a civil-law contract concluded with them, the External entity shall be obliged to provide their identification card to the Pass Office at gate no. 1 in Płock within 7 days from a date of expiry of the employment relationship or expiry of the civil-law contract.
- 3.10. In case of resigning from work or failure to return an identification card by a staff member of the External entity, a person authorised to represent the External entity shall send written information including data of the staff member (first name, last name, identification card number) who has ceased to perform work or provide services to the Pass Office at gate no. 1 in Płock. Based on this letter the identification card which has not been returned is immediately blocked in the access control system.
- 3.11. External Entities carrying out performing or service activities within the Security zones which have concluded a contract for exploitation of identification cards shall bear responsibility for return of the identification cards. If an organisational unit of PKN ORLEN S.A. has referred for issuing identification cards for staff members of External Entities, the responsibility shall be transferred onto this organisational unit.

A written form of the application submitted to the Pass Office Gate no. 1, 09-411 Płock, Chemików street 7.
- 6.5. Relevant authorisations to a person going to organisational units of PKN ORLEN S.A. located in administration structures **outside the territory of the production plant in Płock** shall be granted after confirmation by phone of a visit by a receptionist with a representative of an organisational unit and relevant annotation in the electronic access control system.
- 6.6. A Carer of Visitor/Service Technician shall be obliged to pick up the Visitor/Service Technician from the Reception Desk or Pass Office at the gate of the production

plant in Płock under pain of not letting the Visitor/Service Technician in the territory of the Security zone and, after the end of the visit, to see the Visitor/Service Technician to the exit. Due to special character and extent of the territory of the production plant in Płock in justified cases the Refinery Production Executive Director, the Petrochemical Production Executive Director, the Executive Director for Power Engineering and the Development and Technology Office Director may refer to the Control and Safety Office Director for withdrawal from this rule.

- 6.7. A Visitor/Service Technician identification card is given after prior presentation of an identity document with a photograph (identity card, driving licence, passport) in order to check correctness of personal data included in the system or to enter data into the system and register a visit i.e.: first name, last name, PESEL [Personal Number] (series and number of passport or identity card with regard to people not possessing PESEL).
- 6.8. The Visitor/Service Technician identification card is given free of charge.
- 6.9. While leaving the territory of the Security zone, the Visitor/Service Technician should absolutely return an identification card. **In Płock** it is acceptable for the Visitor identification card to be returned by persons moving several times within a day between structures at the end of a visit. However, such persons should obtain the Visitor identification card in the Pass Office at Gate no. 1 in Płock.
- 6.10. If a person does not return the Visitor/Service Technician identification card, they shall not receive another identification card. In case of a repeated visit of a person in the territory of the Security zone, this person shall be obliged first to pay a fee for losing the Visitor/Service Technician identification card (in case of impossibility of returning it) or Exploitation fee for each and every month of delay (in case of returning it). A Carer of Visitor/Service Technician shall be obliged to inform the Visitor/Service Technician about the obligation to return the Visitor/Service Technician identification card irrespectively of information given by staff members giving the identification card. In special cases, the Control and Safety Office Director shall make a decision on withdrawal from the foregoing rules (exemption from the fee, encumbrance of the Carer of the Visitor/Service Technician with CC costs).

IV. RULES ON ENTRY INTO THE TERRITORY OF A PROTECTED STRUCTURE

1. In order to ensure safety and security, there are introduced Fees for entry into the territory of a Protected structure divided into:
 - 1.1. company passenger cars,
 - 1.2. private passenger cars,
 - 1.3. trucks and delivery vans,
 - 1.4. other.

Entry fees do not refer to company vehicles of PKN ORLEN S.A. A company vehicle is also a private vehicle used for business purposes.
2. An Entry fee shall be paid into the account shown. Information on a valid account number is provided by the Pass Office at gate no. 1 in Płock. Transfer's title shall be determined as: Entry fee, number and kind of vehicles, entity name.
3. In the territory of Protected Structures there are applied rules on going by vehicles determined in the currently binding Act: "Law on road traffic" in order to avoid danger of

safety and security for traffic participants and speed limit of up to 40 km/h unless signs provide for otherwise.

4. Speed control is carried out with the use of an attested radar speed meter. Speed controls in the territory of Protected Structures are carried out by Police officers and staff members of the Security Service.
5. An identification card with granted entry authorisation entered into the database of the access control system is a document authorising to enter the territory of a Protected structure. In order to grant the authorisations, it is necessary to fill in and send the form included in **Chapter VII of the Guidelines** to the Director of the Control and Safety Office.
6. Drivers need to possess relevant entitlements to drive vehicles and possess registration documents with a valid technical inspection. Documents need to be presented for control carried out by staff members of the Security Service before entering the territory of a Protected structure. If a driver does not possess the documents required by the Act - Law on road traffic, the Security Service shall be obliged to inform Police and not to let a vehicle in the territory of a Protected structure.
7. Drivers of vehicles transporting hazardous goods have to comply with provisions **on transport of hazardous goods by land transport - ADR**. A driver **HAS TO BE DRESSED** in antistatic clothes and footwear confirmed by CE certificate and possess personal protective equipment i.e., helmet, safety glasses and gauntlets.
8. In the territory of a Protected structure there is a ban on traffic of private passenger cars of staff members of PKN ORLEN S.A. and Companies excluding private passenger vehicles used for business purposes.
9. A decision on granting the authorisations for holders of private passenger cars and private ones used for business purposes shall be made by the Director of the Control and Safety Office or a person authorised by them. In order to grant the authorisations for holders of private cars or private ones used for business purposes, it is necessary to fill in and send the form included in **Chapter VII of the Guidelines** to the Director of the Control and Safety Office. Failure to fill in any field shall result in automatic rejection of the form.
10. If a negative decision is given, an interested person may apply for another granting of the authorisations to enter by private car or private car used for business purposes after expiry of 3 months from a date of submitting a request.
11. The Director of the Control and Safety Office or a person authorised by them shall not be obliged to send information on giving or on not giving the consent to interested persons. The decision shall be sent to the Pass Office at gate no. 1 in Płock which informs an applicant about the negative consideration of the request. Interested persons may obtain any and all information on the requests in the relevant Pass Office.
12. Authorisations:
 - 12.1. **One-off authorisation to enter the territory of the production plant in Płock** shall be given by the Director of the Control and Safety Office (Bezpieczenstwo@orlen.pl) or a person authorised by them.
