## I. GENERAL PROVISIONS

Each person entering the protected territory on foot or by vehicle must be trained in occupational health and safety in accordance with a separate internal organisational document on the principles, scope and implementation of training in occupational health and safety and other mandatory training in ORLEN S.A. and the manner of their documentation.

1. ORLEN S.A. is subject to special protection under the Act of August 22, 1997, on the protection of people and property (OJ of 2021, item 1995, as amended) and is:
  - a) a lower-tier establishment or an upper-tier establishment under the Act of April 27, 2001, Environmental Protection Law (OJ of 2022, item 2556, as amended),
  - b) an operator of critical infrastructure referred to in the Act of April 27, 2007, on crisis management (OJ of 2023, item 122, as amended),
  - c) an undertaking of a special significance for the economy and defence under the Homeland Defence Act of March 11, 2022 (Journal of Laws of 2022, item 655).
2. Due to specific character of Protected Structures, it is necessary to register people entering and staying in these structures. In case of a failure, it is necessary to know the number of people and place where they are.
3. In the territory of Protected Structures there is an absolute ban on carrying in weapons and ammunition as well as dangerous objects within the meaning of the Penal Code.

In particular, this includes:

- a) firearms, including combat weapon, hunting weapon, sports weapon, gas weapon, alarm and signal weapons;
  - b) pneumatic weapon;
  - c) incapacitating gas throwers;
  - d) tools and devices the use of which may endanger life or health, including, for example:
    - cold weapon in accordance with the currently binding Act on weapon and ammunition,
    - string weapon in the form of crossbows,
    - objects intended for paralysing people by means of electric energy;
  - e) explosives and pyrotechnic materials in accordance with the currently binding Act on explosives.
4. The ban on carrying in weapons referred to in section 3 does not concern facility weapons and direct coercion measures which staff members of the Security Service are equipped with.
  5. Infringement of the ban on carrying in weapons and ammunition shall result in the withdrawal of the authorisations to enter the premises of the Protected Structures for the person carrying in the weapon or ammunition referred to in section 3.

6. In the territory of Protected Structures there is a ban on taking photographs and filming. Conditions for obtaining the consent to the mentioned activities are **determined in Chapter IX of this Instruction.**
7. Entry of people into the territory of the Protected Structures with the electronic access control system, the list of which is available in the “Guidelines of the Executive Director for Control and Safety & Security to organisation of individual traffic in ORLEN S.A.” hereinafter also referred to as: Guidelines, shall take place with the use of identification cards.
  - a. An identification card may also serve as a pass for entry into the territory of a Protected structure by motor vehicle. Detailed rules on entry into the territory of a Protected structure are included in Chapter IV of the Guidelines.
8. Entry into the territory of Protected structures included in the Guidelines, and not possessing the electronic access control system, shall take place on the basis of a one-off paper pass. A model of the pass is included in the Guidelines.
9. Upon expiry of an identification card, it needs to be immediately, within seven days, returned to the Reception Desk or to a relevant Pass Office. The return of the card is done by the employee or their immediate superior.
10. An identification card is owned by ORLEN S.A. People who possess identification cards shall be obliged to protect them against destruction, loss, or theft.
11. Making an identification card accessible to another person or using an identification card of another person shall be subject to the sanctions **determined in Chapter VIII of this Instruction.**
12. In case of **losing or stealing an identification card**, it is necessary to immediately inform the nearest Reception Desk or Pass Office at gate no. 1 in Płock about this fact by making a written statement. An identification card shall be blocked by a staff member of the Security Service. For a period of one week, the “Visitor” identification card shall be issued. If in this period the lost identification card is found, it shall be activated without taking any consequences. Return of the “Visitor” identification card possessed is the condition for activation of the found identification card.
13. In case of **destroying an identification card**, it is necessary to immediately inform the nearest Reception Desk or Pass Office about this fact by making a written statement.
14. A person who has lost an identification card or whose identification card has been destroyed or has been lost, shall be obliged to pay a fee in accordance with the price list of fees included in Chapter II of the Guidelines. This does not refer to identification cards lost or destroyed in circumstances through no fault of the person.
15. Issue of an identification card to the person referred to in section 14 shall take place after presenting by them proof of payment of the amount, arising from the price list for issuing the identification card, to the bank account indicated. Information on a valid account number and the fee amount is provided by the Pass Office at gate no. 1 in Płock. Transfer’s title shall be determined as: fee for an identification card, first name and last name.

16. A person may possess only one identification card. It is not permitted to give an identification card to a person who has an identification card assigned in the system except the situation described in sections 12 and 17.
17. If a person possessing an identification card forgets it, it is permitted to issue the "Visitor" identification card; however, not more than 2 times within a month with the reservation that one period cannot last longer than 7 days. Each and every issue of the "Visitor" identification card is recorded in the access control system. Issue of the "Visitor" identification card is possible only if the identification card of a staff member is active. Issue of the "Visitor" identification card shall take place automatically and shall not require any confirmation from superiors. In case of exceeding the foregoing limit (2 times within a month), each and every issue of the "Visitor" identification card shall result in notifying a superior (this does not refer to Members of the Management Board and Members of the Supervisory Board).
18. For a person who has been withdrawn the right to enter the premises of the Protected Structures on the principles referred to in Chapter VIII (Penalties) of this Instruction, it is possible to issue an identification card for a single entry after obtaining the written consent of the Executive Director for Control and Safety & Security.
19. An identification card is a pre-numbered form and is subject to record in the access control system.
20. It is possible to replace an identification card due to a change of image or text of overprint on the obverse within binding models upon a request of a holder of the identification card or External entity after payment of a fee for the overprint.
21. **Amount of the fee for issuing an identification card, exploitation fee, fee for overprint, fee for holder, fee for lost, destroyed or not returned identification card** shall be determined by the Executive Director for Control and Safety & Security. Information on a current amount of the fee is put in a visible place in the Pass Offices. In addition, information on the fees mentioned in the previous sentence is included in the **Guidelines**.
22. **A photograph for an identification card** is taken in the Pass Office at gate no. 1 in Płock. It is acceptable to attach an up-to-date colour photograph (from an identity card or passport) in paper or electronic form (advisable resolution: 300x399 pixels and 300 dpi) to a request for issuing an identification card.
23. **Each and every identification card holder should carry it** in a visible place unless position-specific instructions provide for otherwise.

## II. KINDS OF IDENTIFICATION CARDS

1. In PKN ORLEN S.A., the following kinds of identification cards are applied:
  - 1.1. grey - staff members of ORLEN S.A. and ORLEN Group Companies,
